

# Tetiana Kobryn

Front-end Developer

## Profile

Motivated and skilled front-end developer. I bring strong communication abilities, a knack for creative problem-solving, and thrive under pressure. Eager to contribute to dynamic projects and gain valuable experience with your company.

## Employment History

Front-end developer at Publicis Groupe, Prague, Czech Republic

Nov 2023 — Present

- Developing and maintaining front-end solutions for Pfizer Inc. using React and Astro. Collaborating with teams to implement user interface components, enhance user experience, and integrate new features.

Front-end Game developer at EveryMatrix, Lviv, Ukraine

Aug 2023 — Nov 2023

- I specialize in creating visually captivating and user-friendly game interfaces by collaborating with design and development teams. My expertise lies in JavaScript, where I leverage frameworks like pixijs to craft efficient and scalable code, ensuring immersive gaming experiences.

Front-end developer at Logmanager a.s., Prague, Czech Republic

Apr 2022 — Aug 2023

- Led the comprehensive redesign of the company website using HTML5, CSS3, and JavaScript.
- Developed a new UI for the main app and integrated it into a legacy codebase with CSS3, HTML5, and PHP.
- Implemented UI components for sibling company projects utilizing Vue.js, Vite, HTML5, and CSS3.
- Updated the internal documentation with a fresh design and new functionality using CSS3, Hugo and Mermaid Diagrams.
